**MICROSOFT AZURE NETWORK
ENGINEER ASSOCIATE**

DESIGN. SECURE. CONNECT. MASTER THE CLOUD.

The **Microsoft Azure Network Engineer Associate** certification is your ticket to mastering the backbone of cloud infrastructure—**networking**. This course is designed for those who want to **design, implement, manage, and secure Azure networking solutions** in real-world environments.

Whether you're an aspiring cloud engineer, a seasoned IT professional, or a business leader looking to upskill your team, this course delivers the knowledge and hands-on experience needed to thrive in today's cloud-first world.

WHAT YOU'LL LEARN?

Design & Implement Core Networking Infrastructure: Virtual networks, IP addressing, DNS, routing.

Secure Network Connectivity: Network security groups, firewalls, VPNs.

Hybrid Networking: Site-to-site VPN, ExpressRoute, private endpoints.

Load Balancing & Traffic Routing: Azure Load Balancer, Application Gateway, Traffic Manager

Monitoring & Troubleshooting: Network Watcher, diagnostics, performance tuning

WHO SHOULD ENROLL?

IT Professionals: Deepen your cloud networking expertise.

Network Engineers: Transition to cloud-based infrastructure.

Cloud Architects: Design scalable and secure Azure network.

Students & Graduates: Build a career in cloud computing with a globally recognized certification.

Corporate Teams: Upskill your workforce to manage hybrid and cloud networks efficiently.

CAREER OPPORTUNITIES

- Azure Network Engineer
- Cloud Infrastructure Specialist
- Network Security Analyst
- Cloud Solutions Architect
- DevOps Engineer (Networking Focus)
