

**PL-300**

**MICROSOFT POWER BI  
DATA ANALYST ASSOCIATE**

# TURN DATA INTO DECISIONS. BECOME A POWER BI PRO

In today's data-driven world, the ability to transform raw data into actionable insights is a superpower, and **Power BI** is your cape.

The **Microsoft Power BI Data Analyst Associate** course is designed to equip you with the skills to **analyze, visualize, and share data** like a pro.

Whether you're a student, a business analyst, or a data enthusiast, this course will help you **unlock the full potential of Power BI** and prepare you for the globally recognized **PL-300 certification**.

## WHY YOU'LL LEARN?

**Data Preparation:** Connect to data sources, clean and transform data.

**Data Modeling:** Create relationships, DAX calculations, and hierarchies.

**Data Visualization:** Build interactive dashboards and reports.

**Data Analysis:** Use DAX to uncover trends and insights.

**Deployment & Maintenance:** Publish reports, manage workspaces, and share securely.

## WHO SHOULD ENROLL?

**Students & Graduates:** Gain in-demand data skills and a Microsoft certification.

**Business Analysts:** Automate reporting and deliver insights faster.

**Finance & Operations Teams:** Visualize KPIs and streamline decision-making.

**IT Professionals:** Support data-driven strategies and governance.

**Entrepreneurs & Startups:** Make smarter business decisions using your own data.

**Corporate Teams:** Upskill your workforce and improve reporting efficiency.
